Donations

This month we are asking for a donation of tissues! All donations are appreciated! Thank you!

Changes

This month we welcome Weston Hopp and his family to the center and our room!

Monthly Goal

This month we will be working on finding and reading our names! We will do this by having many visuals and working with the kids on finding their name without help by having them try first and emphasizing things that make their name different than others, like the first or last letters. Any help at home is appreciated!

Reminders

As the weather starts to cool down please take it into consideration when getting your child dressed in the morning! Please make sure your child has a light jacket, gloves, and a hat in their cubby for outside time!
